

E-Lert News

There has been a substantial increase in auto crime over the past month all throughout the neighborhood, with a major increase in breaking & entering of autos in Savin Hill OTB. Drug arrests have also been increasing, but with no clear pattern. There are lots of suggestions on what you can do to protect your property, including putting motion detector lights in areas where you park, calling in street lights that are out, and making sure you don't put anything of value where it can be seen.
